Picture #1: re-zone and re-open.

Note: Multiple malls across the United States have re-zoned for private residence use, which is arguably cheaper than complete redevelopment. See reference #1 at the bottom.

Picture #3: current 2022 plan: *Lakeside City Circle*.

Note: the process involved will involve complete redevelopment. This is **predicted to take up to "10 to 12 years"**, according to Sterling Heights Mayor Michael Taylor. See reference #3 at the bottom.

Picture #2: original 2018 plan: Lakeside Mall with new surrounding buildings.

Note: this is titled *Concept B*. The process involved will involve partial redevelopment. See reference #2 at the bottom.

5. Lakeside Mall: In your opinion, which plan **best** suits the future of *Lakeside Mall?* (Please review the pictures above)

- A. **re-open:** do not demolish, and do introduce new business-only tenants.
- B. **re-zone and re-open:** do not demolish, and do introduce new non-business tenants; include event hosting, housing/residential, government/municipalities, offices, supermarkets, etc. See **picture #1** above.
- C. **remain open, and rezone:** do not demolish, and do redevelop the surrounding parking lots only (original 2018 plan). See **picture #2** above.
- D. **close, demolish, and redevelop:** do demolish and redevelop both the building and the surrounding parking lots (current 2022 plan). See **picture #3** above.
- E. **return to nature:** turn it back into farmland.
- F. None of the Above.
